## EDUCATION

KAVI KULGURU INSTITUTE OF TECHNOLOGY & SCIENCE

2018 – 2022

B.E - Mechanical Engineering - CGPA – 8.4

Nagpur, Maharashtra

## EXPERIENCE

S2P EDUTECH PVT. LTD. NAGPUR | 2.2 Years [🔗](#)

April 2023 - Jun 2025

Role – Full Stack Developer

Nagpur, Maharashtra

## PROJECTS

Ever Stylish [🔗](#) / [HTML](#), [CSS](#), [SASS](#), [Bootstrap](#), [Angular](#), [Node.js](#)

April 2023

- Developed a full-stack eCommerce platform using React, Node.js, Express, and MongoDB with secure JWT authentication and Context API for global state management.
- Designed responsive, mobile-friendly user interfaces with HTML, CSS, SASS, and Bootstrap, ensuring seamless experience across devices.
- Implemented shopping cart, order processing, and payment integration with RESTful APIs for efficient frontend-backend communication.
- Built reusable React components and admin panel features for product, category, and order management, optimizing performance and maintainability.

Punjabi Sahitya [🔗](#) / [HTML](#), [CSS](#), [SASS](#), [Bootstrap](#), [React](#)

Oct 2023

- Built a secure JWT-based authentication system with PHP including login, protected routes, and token validation.
- Implemented language translation with i18next and react-i18next, supporting real-time switching between English and Hindi for better user accessibility.
- Managed global authentication and language state in React with Context API, enabling seamless access to protected API routes using fetch.

Integrated Digital Management System(IDMS) [🔗](#) / [HTML](#), [CSS](#), [SASS](#), [Bootstrap](#), [Angular](#)

January 2024

- Developed an Integrated Digital Management System (IDMS) to streamline and automate workflows across departments such as Purchase, Maintenance, Production, and Accounts
- Designed and implemented responsive UI components using Angular, ensuring a clean user experience and efficient interaction across modules.
- Integrated RESTful APIs for secure and real-time communication between the frontend and backend system.

Modern Retail Market (MRM) [🔗](#) / [HTML](#), [CSS](#), [SASS](#), [Bootstrap](#), [Ionic](#), [Angular](#)

May 2024

- Developed Super Admin dashboard for creating businesses, catalogs (categories, sub-categories, products), and shops with detailed owner information and multi-address support for orders.
- Built Shop App enabling shop owners to register, manage catalogs, update product details (quantity, discount, stock status), and raise requests to Super Admin.
- Implemented multi-language support and profile management for Shop Owners with offline connectivity handling and feedback system integration.
- Created Customer App with OTP-based signup/login, product browsing, favorites, detailed product views, and access to individual shop profiles.
- Developed seamless cart and checkout system supporting multi-shop orders, quantity adjustments, and split order processing with online and Cash on Delivery payment options.
- Implemented real-time order status tracking for customers and shop owners, including order approval, dispatch, delivery updates, and cancellation options.

Peacock Collective [🔗](#) / [HTML](#), [CSS](#), [SASS](#), [Bootstrap](#), [Angular](#), [Node.js](#)

March 2023

- Developed a feature-rich e-commerce web site using the MEAN stack for seamless online shopping.
- Implemented user authentication and authorization with JWT.
- Integrated payment gateways like Razor pay for smooth and secure payment processing.

## TECHNICAL SKILLS

**Frontend:** HTML, CSS, SASS, LESS, Bootstrap, Ionic, Angular, React, TypeScript, JavaScript

**Backend:** Node.js, MongoDB, Express,

**Developer Tools:** VS Code, GitHub, Postman, Agile
